

K-Love serves me as a resident of San Antonio giving many valuable information for local functions, (i.e. Church activities, concerts, etc.) If K-Love were to be displaced by an LPFM broadcaster I really believe it could affect our nation as a whole. There are times when I'm not feeling up to it and listening to positive music and encouraging words between songs reminds me that God is in control and I am feeling much better and happier about things. K-Love has pastors available 24-hours-a-day helping people in crisis. There are times when people are at the point where they want to commit suicide but because there are pastors there, their lives are saved and maybe others are away from harm because of the encouraging words. Please reconsider your "Localism" campaign and not replace K-Love with a LPFM station.
